NO. 45

VILLAGE OFFICIALS IN LAW ENFORCEMENT AND COLLECTION DRIVE

After 100 Delinquents in
Vehicle Tax; Will Collect
Business License.

Relentless and uncompromising warfare is being waged by village officials for the collection of vehicle license fees from delinquent auto owners of Antioch, and there will be no let-up until the last of the collections have been made, according to Mayor Pollock and the village council who have ordered the giving of twenty-four hour notices to all delinquents. Arrest of those who fail to heed the warnings are to follow at the expiration of the 24-hour period. It is said.

Business License Due

Pressure is also to be brought to bear to force the collection of the business license. It has been ordered by the village council. "The business license ordinance is legal in every particular; there is no provision in it contrary to law and the money can be collected," Mayor Pollock is quoted as saying. Marshal Simonsen will start collections this week.

Careless Motorists Feel Sting of Law In California

First arrests and convictions resulting from enforcement of the California state law prohibiting throwing of burning cigars, cigarettes and matches from moving vehicles were made recently, according to a bulletin received by the touring bureau of the Chicago Motor club. The bulletin goes on to say that two men caught throwing burning cigarette stubs from an automobile while passing a grain field were arrested by traffic officers and fined \$50 each in a justice's court.

Recent heavy losses from fire traced directly to careless smokers have stimulated watchfulness on the part of California state traffic officers and the State Forestry department. Every means will be used to protect forests and grain fields from destruction by fire.

The law provides that throwing from any vehicle any lighted cigarette, cigar, ashes or other burning substances, or any substance which may cause a fire, is punishable by a fine of not more than \$50, or imprisonment in the county jail not to exceed six months or both such fine and imprisonment. The Chicago Motor club points out that every motorist should know and observe the provisions of this fire prevention legislation.

Although repeated warnings have been broadcast, and signs are posted conspicuously in the national forests there are still many careless smokers who are a menace to the trees and fields during the dry season. Relentless war will be made upon this class of motorists this season, it is declared.

Former Resident Dies at Emporia, Kansas

Miss Jennie Hall passed away on June 30, 1928, at her sister's, Mrs. E. Hoskins, home at Emporia, Kansas. Her remains were brought to Hickory cemetery, July 2, 1928.

Rev. Dawes, of the Waukegan Methodist church, officiated at the funeral.

Miss Hall was 71 years and 29 days old. One sister, Mrs. E. Hoskins and a host of nieces and nephews are left to mourn.

Miss Hall moved away from this vicinity a number of years ago, having lived the greater part of her life here, and was well known in Antioch and Millburn.

Miss McLaughlin's Piano Students Give Recital

The High School piano students are presenting a musical program at the High School Friday evening, July 6, at 8:15 p. m. In honor of their instructress Miss Erna McLaughlin of Burlington, who has taught music in Antioch for ten years. They will be assisted by Louise Simons, John Murrie, Homer Tiffany, Antioch, and Francis Daube, Lake Villa, vocal soloists, a violinist and the Ethen orchestra from Burlington, and a few of her alumni students. The program is to be in the form of a broadcasting studio program and all are cordially invited to attend.

Antioch Is Terminal For Public Service's Co.'s Longest Gas Pipe Line

It is not generally known by users of gas in Antioch that this modern fuel comes to the village through the longest transmission line operated by the Public Service Co.

The following story of how gas came to this locality is reprinted from a recent issue of the "Public Service Co. News."

"In addition to electric service received from the Company's system for a period of years, Antioch and Grayslake, located in the summer resort Lake region of District 'A' will hereafter enjoy the advantages of gas service.

"Following the granting of ordinances by these municipalities and the issuing of a certificate of convenience and necessity by the Illinois Commerce Commission the Company undertook to extend its gas service to the communities and has approximately 36,000 feet of 6" welded steel main and 15,000 feet of 4" welded steel main. Construction work started January 28, 1928, and was completed and the mains put into operation on April 27. The gas furnished to these two communities is pumped from the Company's Niles gas generating station.

"As Antioch is located about 57 miles from the station this constitutes the longest gas transmission line that the Company is now operating. Last year a high pressure long-distance gas holder was installed on this transmission line near Long Lake, its installation making it possible to extend the main to Antioch and Lake Villa and still furnish ample pressure at the latter communities without repumping the gas."

Man Drowned in River Near Gurnee Sunday

Barney Lohring, 45, of 1524 Laurel ave., Waukegan was drowned in the Desplaines river, two miles north of Gurnee, Sunday near the Fuller picnic ground property, and two young men nearly lost their lives in a heroic attempt to rescue him. Lohring waded into the rain-swollen stream fully clothed despite the protests of his companions. He had been drinking, according to the report at the office of Sheriff Doolittle. Handling his watch to Peter Vandervere, of Laurel avenue, a companion, Lohring started to wade into the river saying, "I'm going swimming." The water had reached his knees when he suddenly slipped into a deep hole and disappeared from sight. Twelve Lohring came to the top, as he struggled to save himself.

Petition Board For Sewer Extensions

The village council has been petitioned to take the necessary steps to make sewer connections for Thorne's subdivision on the south side of Antioch and also for Craig's subdivision in North Antioch. The village engineer has been instructed to prepare estimates for the improvements to the board of local improvements.

Origin of Slang Phrase?

The slang expression "He's a hell-bender" came possibly from a large salamander called the hellbender, found chiefly in the streams emptying into the Great Lakes. This is an extremely ugly but perfectly harmless creature that is exceedingly tenacious of life and hibernates in cold weather.

Window in Umbrella

An umbrella with a mica window in one section is a recent invention to enable a pedestrian to see where he is heading on a rainy, windy day.

CORONA STRIVES FOR QUANTITY AND QUALITY PRODUCTION

Product Best in the World;
House Shortage Problem
for Officials

Hope of increasing production at the Corona Pen factory to one thousand pens daily in the near future was expressed yesterday by Walter H. Borman, vice president and general manager, who is busily engaged at the task of employing additional help and superintending installation of the latest modern labor-saving machinery used in the manufacture of pens and pencils. At present the plant employs about twenty-five people, a night shift of men also working on production.

"The manufacturing process is interesting," Mr. Borman said, as he showed the writer the various stages of manufacture of pens from the cured stock to the finished product, and explained the nineteen separate processes in the production of rolled gold plated bands for pens and pencils. Rolled gold plating is known to be far superior to electro-plating, as the former method produces a stronger band and has greater wearing qualities. Quality is ever the first thought at the Corona plant. That quality has been attained is attested by users of Corona products which are justly pronounced the best in the world.

The housing problem is a question of some concern to Corona officials who are having no little difficulty in procuring living quarters for employees. This is a tip for someone who would like to invest in houses for rent, probably an apartment building would be a paying investment. Anyway, it is a conceded fact that real estate investments can't lose in Antioch.

WOMAN IS HURT IN ACCIDENT AT FOX LAKE MONDAY

One Is Seriously Injured
When Car Crashes Into
Tree at Fox Lake.

Two women were injured, one seriously, Monday morning when the auto in which they were riding left the road and crashed into a tree at Sandy Hollow near Fox Lake.

The injured are: Mrs. Louise Whalen, 1619 Summerdale avenue, Chicago. The injuries suffered by Mrs. Whalen consisted of a cut at the calf of the left leg, a three inch cut on the left arm below the elbow, a gash on the forehead, cut on right ear, five teeth knocked out, cut on upper lip, several other bruises on the right leg and probable internal injuries.

Girl Tries Suicide By Strangling

Working herself into a frenzy at being placed behind the bars, Sophia Frantz, 15-year-old runaway from Bellwood, Ill., Saturday morning pulled her fist through a window in the North Chicago city jail and then tried to strangle herself with her stockings. The police rushed into the cell and untied the silk hose from around her neck before she has seriously injured herself.

To Refinish Blackboard

Paint the board with ordinary black paint such as will dry with a gloss; then apply a coat of black paint, mixed with turps instead of oil, which will dry a dead black.

Caucasians and Leprosy

The nationality of the paroled cases indicates that the Caucasian race (Americans and Europeans, particularly the Portuguese) have responded best to the treatment for leprosy.

A Magnet Then

It is easy for a man to locate relatives, near and distant, after he has become a hero.—Des Moines Tribune-Capitol.

Ruth Ferris had an operation removing her tonsils last week and has not been very well since.

Civil Legion Members Will Officially Attend Notification Ceremonies

Committee of the Civil Legion will officially attend the Notification Ceremonies of both Presidential candidates—Herbert Hoover and Governor Smith.

Both nominees are members of the organization.

The Civil Legion is a strictly non-partisan organization, whose membership is made up of citizens who served the National Cause in authorized Civil capacity during the World War and who, for various reasons, were denied the privilege of wearing the uniform.

Wm. G. Strong, Aaron M. Sick, Dr. Fremont C. Knight, Hon. Martin C. Decker, H. C. Burnett, Donald S. Haas of Wauconda; A. N. Tiffany of Antioch; and Earl P. Sudgwick of North Chicago are among the members of The Civil Legion, residing in Lake County.

HOME RUN WINS HOLIDAY GAME FOR ANTIOCH

Locals Defeat Foresters
6 to 5, in Close Game
Here Yesterday.

Antioch had a choice bit of luck yesterday by winning a close game over the Foresters in the Lake County league pennant race. In the final session with the score even, 5 to 5, Sullivan smashed out a four-py wallo that won for the locals.

Lose Sunday Game

In Sunday's game the odds were decidedly against Antioch who suffered a crushing defeat at the hands of the West Side A. C. team, 29 to 2. For seven rounds the Antioch batters were helpless before the superb pitching of M. Miller who allowed but six scattered hits during the game while his team-mates gathered 20 safe raps from the offerings of the Antioch box artist.

Diplomas Awarded To Twelve Graduates At Allendale School

Fine Program Features the
Commencement at Boys'
School Saturday.

Diplomas were presented to twelve boys who finished the course of study at the Allendale boys' school at impressive ceremonies held at the Allendale chapel last Saturday evening.

The program included a concert by the band, class exercises, Salutatory by Frederick Eschrich, Valedictory by Peter DeCarlo, presentation of awards, and the commencement address by Lewis E. Meyers.

The following boys received diplomas: Peter DeCarlo, Fred George Eschrich, Anton Joseph Fuchs, Wilson George, Warren Edward Hurley, Richard Paul Matzen, Edward Meyers, Robert Curtis Newman, Carl Oatun, Robert Schneider, Harry Lee Schroeder, Frank Turk.

JACK WRIGHT'S ORCHESTRA ENGAGED TO PLAY SEASON AT CHANNEL LAKE PAVILION

(By Clarence Blewald,
in Chicago, Clarion, June 15, 1928)

Mont Clare and Elmwood Park's younger set who dash off to take week end trips to Antioch, will be delighted to hear that a real hot orchestra has just been engaged to open up the season on June 23, at the Channel Lake Pavilion.

Announcement to this effect came direct from W. O. Winch, president of the Pavilion on Tuesday morning of this week. Mr. Winch came all the way from the summer resort to our office on North Avenue, and it was with real joy that we met him.

Jack Wright and his Super-Orchestra is the name of the musicians, and they are coming direct from three successful seasons in one of the most famous and popular ballrooms in the East. They are replacing the Aurora Bluebirds, and have signed to play for ten full weeks at a price that is enough to erect a modern six room bungalow.

During our conversation, Mr. Winch told me some very interesting data that I'm sure will vastly interest the social set of our community. The Channel Lake Pavilion in Antioch is first of all the largest pavilion in the lake region, having dancing and all kinds of amusements.

With 6,000 square feet of dance hall space, the Pavilion attracts record crowds during the summer season, opening on June 23 this year. Mr. Winch stated that there are never less than 2,500 on Saturday nights and on July 4, a crowd of 4,200 last year broke all records.

Labor Day last season brought out 3,600, proving how immensely popular this place really is.

When it comes to decorations, the Pavilion is regarded as one of the finest in the country, if not in the world. The beauty of the whole thing is so pretty that it really is hard to describe it properly and yet do justice to it. On the ceiling overhead, just to cite one case, are sweet peas—1,500,000 in number. This tremendous amount is hard to picture and when we learn that it took 110 miles of string to make it, 40 miles of telephone wire to put it up, 40 people eight months to make this vast number, and 12 people 11 days to put up, it can readily be realized what a beautiful place it is and the amount of money entailed in its construction. All told the sweet peas cover 21,000 square feet of space.

Besides dancing, the crowds can amuse themselves with box ball, ski ball, whirl-a-ball, billiards, pool, race horses, and other devices. A soda fountain with a seating capacity for 300 easily takes care of the thirsty ones.

When it comes to mixing, the Pavilion is one of the highest type. Young ladies who stop at the Channel Lake Sorority House, dance at Pavilion, thus not making a couple affair out of it. The new orchestra, consisting of ten musicians, will play every night after June 23, in their colorful orchestra shell.

To reach Antioch, follow Route 21 on Rand Road, or else go via the North Shore Line. Visit the Pavilion while you are up there—you'll like it immensely!

Holderman Wins On Technical Knockout

Another record-breaking crowd saw the seven scheduled boxing bouts at the Antioch Palace last Friday night. Again George Holderman, Antioch's popular leather pusher, was declared winner, this time on a technical knock out of Al Herman of the Belle Plaine A. C., after 55 seconds of fighting in the second round. Herman quit when he was losing badly.

FIGHT DECISIONS

George Taylor beat Mort Maxedon, 3 rounds.
Harry Martin beat Tommy Pojunas, 4 rounds.
Billy Ball beat Walter Buskey, 3 rounds.
George Holderman beat Al Herman, Tech., K. O. 2nd round.
Tommy O'Connell beat Andrew De Lacey, 4 rounds.
Mac McMullen beat Phil Taylor, 4 rounds.
Jimmie Hull beat Ray Moore, 3 rounds.

Mrs. August Voltz Is Buried at Lake Geneva

Mrs. August Voltz passed away on Monday night after a long illness at the home of her brother, H. A. Radtke on Victoria street.

Mrs. Voltz has been living with Mr. and Mrs. Radtke about a year. She was a well known resident of Lake Geneva for many years.

Funeral services were held today at the Lake Geneva cemetery.

Mrs. Voltz leaves a brother, H. A. Radtke of Antioch, and two brothers at Lake Geneva.

LAKE REGION HOST TO BIGGEST HOLIDAY CROWD IN HISTORY

Traffic Record Is Set—Big
Crowd Is Very Well
Behaved.

All traffic records for a mid-week holiday were broken yesterday when thousands upon thousands of auto parties trekked to and fro through Antioch enroute to hundreds of resorts in the nearby lake region. Crowds in Antioch have exceeded yesterday's gathering here, but only when the holiday has been on Saturday or Monday, as has been the case for the past several years when tourists had the pleasure of enjoying two days of leisure. However, the Fourth of July, 1928, set a new crowd and traffic record for a single day, according to many of the nearby lake resort owners.

"Without a doubt Channel Lake entertained the greatest crowd in history," said W. O. Winch, owner and manager of the Channel Lake Pavilion. Reports of record-breaking crowds have also come from many other places.

Movies Made at Channel Lake

Something new at Channel Lake Wednesday was the making of movie pictures at the Sorority house and Pavilion, and also the parking area about Channel Lake, and soon movie fans will have the opportunity of seeing what a Fourth of July crowd at the lakes looks like, for the pictures will be shown at a local theatre in a few days.

Heavy Rains Destroy Crops And Roads

Torrential downpours of rains the first of this week, following on the heels of the wettest June in several years, has washed out roads in northern and central Illinois and caused untold damage to growing crops, while fields of grain and other crops having been destroyed by flood.

Tuesday morning travelers on Wisconsin 83 found about two feet of water flooding the cement just north of the state line. However, the water receded rapidly and traffic was not held up at this point. Today very little water is flowing over the pavement.

On Grand avenue a mile west of Lake Villa the pavement was submerged several feet Tuesday and the road was impassable at the point where the road crosses a low slough. Traffic was being detoured Wednesday.

Dry Squad Raids Five Lake Resorts

Pursuing a "clean-up" with what is said to be "relentless tenacity," on the part of State's Attorney A. V. Smith, the spongy squad raided five resorts in the Antioch lake region during the past few days and in each case it was declared that beer had been found on tap. All of those taken are scheduled to appear before Justice Hervey Coulson for hearings.

Fastest Bird

The greatest speed of a bird's flight as yet recorded is that of the common swift of Eurasia, which, from an airplane, was observed to be making 70 miles an hour in normal flight.

"Cannibal" Snake

The king-cobra, which is found in India, lives mainly upon other snakes. This species, which grows to a length of about 12 feet, is known among the natives as the "snake-eating cobra."

What Is Luck?

Luck has many definitions. One of the best is that it is what the other fellow has when he picks up and sees an opportunity you left lying about.

Troubles Imaginary

"Our troubles are mostly imaginary," said Uncle Eben, "up to de day when de bill collector slams his fist on de door."—Washington Star

Robert Webb spent several days last week with friends in Chicago. Mr. and Mrs. Wm. Tate of Oak Park visited Mr. and Mrs. S. J. Strahan the fourth of July.

STATE CAPITOL ITEMS

Contracts for Interstate Highways Awarded

The following contracts have been awarded by the state division of highways:

Route 4, Grundy county, bridge, to T. and L. D. Libby Company, Moline, \$15,805.14.

Route 72, Ogle county, bridge, to D. Koney, Forreston, Ill., \$8,811.20.

Route 149, Wayne-White counties, grading, to M. Hesse, St. Joseph, Mo., \$79,323.47.

Route 78, Carroll county, grading, to Nelson, Mullin & Nelson, Minneapolis, \$163,812.26.

Route 78, Whiteside county, grading, to Stevens Brothers, St. Paul, Minn., \$62,195.05.

Route 78, Carroll county, bridge, to A. Olson, Waterloo, Ia., \$7,611.81.

Route 78, Whiteside county, bridge, to A. Olson, Waterloo, Ia., \$7,611.81.

Route 173, section 131, Boone-McHenry counties, pavement, to Henry Brothers, Milwaukee, \$141,654.97.

Route 89, Marshall county, pavement, to General L. Kerk, Keokuk, Ia., \$21,944.41.

Route 153, Washington county, pavement, to W. P. Smith & Co., Wood River, \$127,547.28.

Spread of Rabies Curb-ed by Vaccination

A series of the most dog situation in Illinois conducted by the state department of agriculture indicates that the epidemic has attained its peak.

The department orders issued by the director of agriculture, and enforced by local peace officials, tends to curb the spread of rabies.

In districts subjected to control measures outlined in the rabies act of 1927, all dogs must be locked up, restrained by leash and muzzled or subjected to a vaccination that practically assures immunity.

Dogs thus treated must bear a tag that signifies that they have received the vaccination.

Local officials, by enforcing the law, are endeavoring to curb the spread of rabies.

County and city peace officers, the veterinary branch of the department of agriculture, and the analysis service offered by the laboratory of the state department of public health all work together for the protection of the public and the livestock of the state over an area that embraces 20 entire counties and parts of several others.

LAKE VILLA VACATION BIBLE SCHOOL CLOSES WITH PICNIC FRIDAY

Eleanor Petersen and Fred Piltz, Chicago, Married at Millburn Tuesday.

The Daily Vacation Bible School closed Friday with visiting day and picnic, to which the mothers were invited. Miss Lyons of Chicago, was in charge of the primary department and Mrs. Richey of Antioch, of the Juniors and each group gave a very interesting worship service for the Mother's club, who met at the church that afternoon for its regular meeting. This club made it possible to have this school and paid all expenses, which we feel is a very commendable thing to do, and worthy of our appreciation. Miss Marvel, director of the school, was out for the day

and Miss Lyons returned to Chicago with her.

Miss Eleanor Petersen of this place and Fred Piltz of Chicago were united in marriage at the Congregational parsonage at Millburn by Rev. Mrs. Natr, on Tuesday, June 26. They have a host of friends here who wish them success and prosperity in their new life. They will reside in Chicago.

Mr. and Mrs. Clayton Hamilton of Barrington were guests of Mr. and Mrs. Fred Hamilton Saturday.

Mr. and Mrs. Hendricks of Inglewood were Sunday guests of Mrs. S. M. Sherwood.

Mr. and Mrs. Charles Bailey and children of Sheridan, Wyoming, stopped on Friday and Saturday, a week ago for a short visit with relatives. Mr. and Mrs. James Kerr on their way home from Detroit.

William Schwenk spent the Fourth with his brother in Chicago.

Graduation exercises for Allendale school were held Saturday afternoon. Mrs. James Lawrence and son, son of Los Angeles, California, and her sister, Miss Libbie Petre of Chicago, spent Sunday with his parents.

and Miss Lyons returned to Chicago with her.

Graduation exercises for Allendale school were held Saturday afternoon. Mrs. James Lawrence and son, son of Los Angeles, California, and her sister, Miss Libbie Petre of Chicago, spent Sunday with his parents.

The Ladies Aid society will meet with Mrs. Peterson on Wednesday, July 11, for the regular business and social meeting. You are very welcome. The ladies are asking you to help furnish the refreshments for the meeting.

Oliver Wilton and family of Chicago spent Sunday with his parents.

The Downey family have moved to its cottage at the Thon subsidiary.

CHRISTIAN SCIENCE CHURCHES

"Gold" was the subject of the Lesson-Sermon in all Churches of Christ, Sunday, July 1. The Golden Text was from Psalm 81: "O Lord our Lord how excellent is thy name in all the earth! who hast set thy glory above the heavens."

Among the citations which accompanied the Lesson-Sermon was the following from the Bible: "For though there be that are called gods, whether in heaven or in earth, (as there be gods many, and lords many,) but to us there is but one God the Father, of whom are all things, and we in him" (1 Cor. 8: 6).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "You infinite God, good, unchangeable and eternal, sustains the brotherhood of man, ends wars, fulfills the Scriptures, 'Love thy neighbor as thyself'" (p. 310).

United States Navy First

The first time an airplane was catapulted off a ship was on November 12, 1918, by the United States navy.

Senate Approves of Three Tax Bills

Three bills passed by the Senate on July 1, 1928, after a long session. The bills are: (1) A bill to amend the act of March 3, 1909, relating to the taxation of gifts; (2) A bill to amend the act of March 3, 1909, relating to the taxation of estates; (3) A bill to amend the act of March 3, 1909, relating to the taxation of income.

There was no opposition from Chicago or the downtown. This group of three measures went through with 55 members voting in the affirmative, after which the bills were signed by Lieutenant Governor Fred E. Sterling and sent to the signature of Speaker Robert Schuler, who is ill. Governor Small is expected to give his immediate approval. The new laws become effective July 1, when the taxing officials of Cook county were expected to begin a re-assessment in compliance with an order of the state commission, which was held premature in an opinion from Attorney General Oscar E. Carlson.

The senate gave its approval to three bills appropriating \$24,000 for the expense of the session. Included in this amount is \$30 for each member payable on July 1.

Illinois State Fair Opens August First

How milk production champions are groomed will be explained during the Illinois state fair, August 1-25, in accordance with arrangements fair officials are making with H. C. Horneman, Danville, owner of the Kendall dairy farm, and one of the stars of that establishment, Lady Crescent's Ideal 111951, who holds the world's record for production as a four-year-old Guernsey cow.

In a production test conducted under supervision of Indiana, Illinois and Wisconsin agricultural colleges, Lady Crescent's Ideal yielded a total of 16,696.7 pounds of milk and 54.9 pounds of fat in one year.

Quincy Bridge Co. Receives Charter

Secretary of State Emerson has issued a charter to the Quincy Memorial Bridge Company, Quincy, with a capital stock of \$100,000 and 10,000 shares of stock of no par value. The company will construct a memorial toll bridge across the Mississippi river between Quincy and Marion counties, Missouri.

Bids Received by State For Bridge Construction

Bids have been received by the state department of purchases and construction for a bridge at Meyers Bay, McHenry county. The apparent low bidder was the Matthews-Tonyan Company of West McHenry, for \$14,165. The bridge, a part of the state-waterway plan, is to be constructed in 120 days.

State Supervises Beauty Culturists

Beauty culturists are under supervision of the state and not a municipality, the state supreme court held recently in passing upon a case from Chicago in which a beauty culturist was arrested for failing to comply with the provisions of the ordinance.

145 Miles of State Roads To Be Paved

Bids for the construction of approximately 145 miles of pavement and many bridges and heavy grading sections will be received by the state division of highways in Springfield on July 18. The sections receiving improvements are scattered over the entire state.

Couldn't Be Worse

Over there coffee has not been invented yet, though I understand they are making some interesting experiments with mud in the south of France.—Corey Ford in Vanity Fair Magazine.

Court of Claims Denies \$10,000.00 Claim Suit

The state court of claims, in session in Springfield, recently denied the claim for \$10,000 filed against the state by the Jacksonville Grain Co. The company sought compensation for alleged loss of business during the construction of a levee at Naples.

Form of Hibernation

The word hibernation carries the idea of winter. Such tropical creatures as alligators, snakes and certain mammals and insects undergo a period of torpor during the hot, dry season when food is scarce and vegetation is taking a rest. This is known as estivation.

ADJUDICATION NOTICE

TREVOR STOCK YARDS VISITED; SHEEP FROM MONTANA UNLOADED

Mr. and Mrs. Cooper Give
Daughter in Marriage to
W. Smith, Chicago.

Joe Sullivan of Union Stock yards,
Chicago called at the stock yards on
Monday.

Saturday night two carloads of
sheep and one of cattle from Montana
were unloaded at the stock yards.

Mr. and Mrs. C. A. Copper an-
nounce the marriage of their daugh-
ter Grace Genevieve to Mr. William
Bryan Smith of Chicago on Saturday,
June 30, by the Rev. Simon Peter
Long, pastor of the Wicker Park
Lutheran church, Chicago.

The 4-H Sewing club met at the
home of Mrs. Lucy Sherman Wed-
nesday afternoon.

Mr. Zappin entertained his daugh-
ters and daughter-in-law from Chic-
ago the past week.

Henry Erule has purchased the
soft drink building of Mr. A. C. Cop-
per and moved it on his lot near the
garage.

Mr. and Mrs. Robert Talt of Ken-
osha spent Wednesday and Thursday
with their niece, Mrs. Geo. Patrick.

All farmers taking milk to the
Salem factory were compelled to be
vaccinated during the past week.

Mr. and Mrs. Wm. Rolfe, Miss
Florence Rolfe and Vernon Rolfe of
Montana called on the Patrick fam-
ily Thursday.

Master Robert Patrick of Salem
spent the week end with his grand-
parents, Mr. and Mrs. Geo. Patrick.
George and Lyle Mathews of Sil-
verlake visited their cousin, Alfred
Oetting Friday.

Mrs. Terry who spent the past win-
ter with Mrs. Sherman returned to
her home in Waterford Sunday.

Mrs. Henry Haley and son of Ke-
nosha and sister, Mrs. Susan Kouten
of Chicago spent Friday night and
Saturday with Mrs. John Gever.

Miss Evelyn Meyers spent the week
end at home after spending the past
week with Mrs. Elmer Anderson at
Racine.

L. H. Mickle, daughters the Misses
Daisy and Myrtle Mickle, and Mrs.
Parham were Kenosha shoppers last
Thursday.

Mr. and Mrs. Fred Forster and
children visited their uncle, Mr.
Menke at Lake Marie Sunday.

Mrs. Charles Oetting had dental
work done in Antioch Tuesday.

Mrs. John Gever, Miss Evelyn
Meyers, Mrs. Daniel Longman, daugh-
ter, Bernice, and Mrs. Pete Peterson
of Kenosha motored to Racine Tues-
day to visit Mrs. Elmer Anderson and
little daughter.

Mr. and Mrs. Otto Allen and Henry
Fostin motored to Chicago Wednes-
day to meet Mrs. Allen's and Mr.
Fostin's sister and husband, Mr. and
Mrs. J. B. Foley of Lowell, Mass.
After a visit in Trevor they will visit
a brother of Mr. Foley's in Louisiana.

The Lewis Derler family moved
from the Pregoner house to their
own house on Tuesday.

Henry Mencke and Mrs. Mencke
and children of Lake Marie visited
the former's niece, Mrs. Fred Foster
and family Wednesday.

Mrs. Hecker of Silverlake was in
town Wednesday getting a class in
piano music.

Herman Oetting and Ray Bushing
of Chicago called at the Charles
Oetting home Thursday.

Mrs. Chas. Hazelman spent Tues-
day and Wednesday with her mother,
Mrs. Mary Wright at Maywood.

Mr. and Mrs. Wm. Bryan Smith of
Chicago are spending their honey-
moon at the home of Mrs. Smith's
parents, Mr. and Mrs. C. A. Copper.

Mrs. Elsie Oetting and brother of
Oak Park visited at the Charles
Oetting home Friday.

Mrs. Mary Hangel and daughter,
Mabel and Mrs. Joe Crinite of Chic-
ago are staying at the Derler home
during the summer.

Mrs. Fred Ahlander and daughter
of Chicago are making an indefinite
stay with their cousin, Mrs. Lewis
Derler and family. Mr. Ahlander
spent the week end at the Derler
home.

Joe Johnson and George Johnson of
Chicago spent the past week at the
Ambrose Runyard home.

Mrs. Gillis left Wednesday for her
home in Boyd, Wis., after spending
the past two weeks with her sister,
Mrs. Wm. Schilling.

Karl Oetting and Andrew Brittner
spent Thursday night and Friday in
Chicago with the Hauser family.

Mr. Wm. Burnstable of Chetek,
visited at the Daniel Longman home
Friday.

PUBLIC NOTICE

WHEREAS, a petition addressed
to the undersigned as County Judge
of Kane County, Illinois, has been
filed in the office of the County
Clerk of said County which petition
is signed by 1089 persons who repre-
sent themselves to be more than one
per cent of the legal voters of the
territory described in said petition,
said petition asking that the under-
signed as County Judge of said Kane
County may take the necessary steps
under an Act of the Legislature, en-
titled, "An Act to Create River Con-
servancy Districts for River Control,
Sanitation, Development of Water

Supply, Navigation and Protection of
Fish Life" (approved July 11th, 1925)
laws of 1925, page 346) to create the
Commission which shall hold the
Statutory hearings, give the Statuto-
ry notices and cause an election to
be held at which the question shall
be submitted to the legal voters of
said proposed District, whether such
proposed territory as therein set
forth, or as amended, after hearings
by said Commissioners, shall be or-
ganized as a Conservancy District
under said Act of the Legislature,
said petition contains a definite
description of the territory proposed
to be organized as such Conservancy

District, the largest portion of which
proposed Conservancy District lies in
Kane County.

That the undersigned has called to
his assistance for a hearing on said
petition, the County Judges of the
Counties of Lake, McHenry, Cook,
Kendall and LaSalle, in the State of
Illinois, and said County Judges, to-
gether with the undersigned sitting
as a Board of Commissioners, have
determined that a hearing shall be
had on said petition at the County
Court room in the Court House at
Geneva in said Kane County, and
State of Illinois, on Monday the 9th
day of July, A. D. 1928, at 1:30

o'clock P. M., and continuing there-
after until the boundary lines of said
proposed District shall be fixed and
determined.

Therefore, notice is hereby given
that the said Board of Commissioners
will hold a meeting in the County
Court room in the Court House at
Geneva in said County on the 9th
day of July, A. D. 1928, at 1:30 P. M.,
for the purpose of considering said
petition and the boundaries of said
proposed Conservancy District,
whether the same shall be as stated
in the petition or whether said
description shall be amended, and in
what manner and to what extent, and
will also consider all other matters

pertaining to said petition and the or-
ganization of said Conservancy Dis-
trict as the same may come before
said Board of Commissioners for said
District.

At which time and place every one
interested in the organization of said
proposed Conservancy District, may
appear and be heard upon any ques-
tion which may be raised affecting
the organization of said District and
the boundary lines thereof.

Dated at Geneva, Illinois, this 11th
day of June, A. D. 1928.

HARRY C. DANIELS,
County Judge of Kane County, Ill.
(43-45)

Flashing Performance —at no extra cost

Any gasoline will drive your car—but it takes 400 "Extra Dry," the wonder gasoline, to give you the real thrill of motoring—the feel of irresistible power—the urge to "let 'er go"—the sense of flying over the road.

SHELL MOTOR
OIL

Once you try 400 "Extra Dry" Shell Gasoline, you will want it always. It is alive with power—quick to respond—flashing in performance—because it is ALL gasoline—refined by a revolutionary process that takes only the most volatile elements from the crude.

It is EXTRA DRY—every drop vaporizes—every particle is converted into power—there are no impurities or heavy, greasy

elements to foul the spark plugs, pass the pistons unburnt and dilute the oil in the crankcase.

Today—do as thousands of other motorists are doing—"Change to SHELL." Fill up your tank with this better gasoline—it is worth more—does more—but costs YOU no more than the ordinary kind. On sale at all Shell yellow-red service stations and Shell dealers.

P. T. A. Will Sponsor Card Party at Palace

The Antioch Post-Tribune Association will give a card party at the Antioch Palace on the afternoon of Monday, July 8. The party will be held from 2 to 5 p. m. and there will be other attractions. Prizes will be given and refreshments will be served.

Proceeds from the event are to be used to purchase new equipment for the new grade school building. The party is being given for the purpose of raising money for the building fund.

MRS. S. BOYER NELSON ENTER TAINED LADIES AID
Mrs. S. Boyer Nelson entertained the Ladies Aid at her home on North Main street last Thursday evening. The ladies were entertained by Mrs. Nelson and her guests.

LADIES AID HOLD BUSINESS MEETING THIS AFTERNOON
The Ladies Aid of the Methodist church at her home on Main street today. The regular monthly business meeting was held at this time.

Slaves Expert Workmen
During the slave period most of the South's skilled mechanical work was done by negro artisans. The fine old Southern mansions were the product of negro carpenters. Machine shops, glass, stonemasons and even the railroads were in a large measure manned by negro slaves. They were in such demand many were able to hire themselves out and thus purchase their freedom.

Ages Old, but Youthful
One of the remarkable facts about the Grand canyon is that, though probably a million years old, it is considered the valley of a young stream. When rivers get old their valleys are worn flat, like that of the lower Mississippi.

Shakespeare Wrong
Shakespeare do not sing, though Shakespeare reportedly speaks of the stinging of serpents or adders. They bite and the venomous snakes inject poison from a poison gland by means of a fang. Our venomous snakes consist of several kinds of rattlesnakes, the water moccasin and the copperhead.

Curative Oil
Carron oil is a mixture of equal parts of flaxseed oil and lime water. It is employed as a dressing for burns and takes its name from the Carron iron works in Scotland, where it was generally used.

Agricultural Definition
"Co-ordination in agriculture" means that after you dig for worms you discover you have spoiled the garden.—Detroit News

ANTIOCH LADIES ENTERTAINED AT NORWOOD PARK FRIDAY

The Antioch Ladies Aid entertained at Norwood Park Friday. The ladies were entertained by Mrs. Nelson and her guests.

MILLBURN GRADUATE RECEIVES LK. COUNTY U. OF I. SCHOLARSHIP

Millburn S. S. Holds Picnic In Minto Grove Wednesday, July 28.

The pleasing announcement is made that Miss Helen Neahous, second daughter of Mr. and Mrs. Oscar Neahous, has won the Lake County University scholarship through her high grade in an examination for this honor. She will take advantage of this scholarship and will attend the University of Illinois the coming year. Mr. and Mrs. Neahous are to be congratulated on this honor which has been won by their daughter.

The Millburn Sunday School picnic will be held in the D. H. Minto grove on Lono Lake on Wednesday, July 18. Every one is very welcome at this picnic. Bring a basket of lunch, and enjoy a day's vacation with games and races for the children.

Reserve Friday evening, July 13, for a "Good Luck" social to be given by the Ladies Aid at the Minto home. There will be a wiener and marshmallow roast, also a bakery sale.

Harold Sincum spent several days the past week with his sister, Mrs. Roy Olson at Rosserana.

J. S. Denman underwent a serious operation at Victory Memorial hospital last Tuesday morning, and at the present time is doing as well as can be expected.

Miss Alice Bauman and friend of DeKalb spent the week end at home. Miss Marion Neahous and Thomas Cogmore of Chicago spent the week end at the Neahous home.

Mrs. Helen Barstow Alexander of Hermosa Beach, California, spent the past week at the Gordon Bonner home.

Miss Lucy Dodge of Peoria is visiting this week with her cousins, the brothers.

Ralph McGuire and Vernon Webb returned Friday from the Young Peoples' conference at Tower Hill, Michigan.

Mr. and Mrs. H. L. Wheaton, Mrs. Safford, and Miss Foote of Wheaton, Illinois, called on old friends here on Sunday. Miss Foote remained for several weeks at the C. E. Denman home.

Chimney Sweep Is Swept Away by Machine Era

Picturesque Figure Disappears as the Lamp-lighter, Town-crier and Horse-shoer—
His Place Taken by Giant
Vacuum Cleaner.

CHALK up another one for the Machine.

This time it's the chimney sweep whom it is supplanting.

The appearance in many parts of the country of giant vacuum cleaners, operating on the principle of the familiar vacuum cleaner and designed to do furnace and chimney cleaning a great deal more efficiently and in less time than has been the case up till now, is reported to be gradually cutting into the ranks of chimney sweeps who have survived in some of the rural sections or who have been eking out a painful living from this work as "lunatics" and "crazy service" workers in the cities.

There is little doubt in the minds of persons who have been watching this new development in the heating field that the day is at hand when the chimney-sweep must join the lamp-lighter and the town-crier the horse and buggy and the horse-shoer as relic of a bygone age.

Sweepers Migrate From Europe.

Here in America chimney-sweeps have seldom been viewed in the same colorful or romantic light in which their craft is regarded in some European countries, notably Germany, Hungary and England. The old-time chimney sweep stood low in the social scale, was most always poverty-stricken and in the hope of improving his lot one would permit the wave of emigration to America which all Europe experienced during the Nineteenth Century to pick him up and transplant him to New World soil where he carried on his ancient craft in the only manner he knew.

The duck appears to be America's lone contribution to the chimney-sweep's art. It was chance, no doubt, that first taught one of these fellows that the duck's flapping wings make effective instruments for dislodging soot packing the walls of the chimney. At any rate, use of ducks for chimney cleaning has been popular for many years in parts of North America, especially Canada and some of the Southern states.

The English chimney-sweep appears to have caught the fancy of writers more than any of the others. Certainly he must have presented an amazing spectacle as, with his soot-smear face and tall peaked or "chimney pot" hat, his brooms and brushes and ropes and rods over one shoulder and ladder and bag under an arm, he perambulated down the streets of London blowing his bugle and crying "Sweep" in a husky voice.

Little Boys Did the Job.

No description of the old-time English chimney-sweep is complete that does not mention the one or more smallish boys who always accompanied him on his daily rounds. Tiny, emaciated, always looking half starved, they were forced to crawl into the flues and scrape them down while the sweep "oversaw" the job. However, this practice was stopped in England about the end of our Civil War when a bill forbidding the employment of child sweepers was put through Parliament by the benevolent Earl of Shaftesbury.

What undoubtedly made the English chimney-sweep's costume so striking was that it was all planned with a view to preventing the soot from penetrating to every part of his body. The tight-fitting black hood or helmet running down the back of his neck, was intended primarily to keep the soot out of his hair and ears. His coat cuffs were most always turned in to prevent the soot from making its way in via that route. Small straps were tied about his legs just below the knee to keep the soot stirred up from ascending his trouser legs. The wide black cravat, which ran closely around his neck and all but covered the entire upper half of his body, was intended as much as a protection to the chest as for dress purposes.

Less Picturesque, More Efficient.
In sharp contrast with the regalia worn by the old-time sweep is the

Sweeping Chimney With a Duck, Once a Common Practice in Certain Southern States.

plain cap and clean overalls now worn by his present-day successor, the mechanic attending the vacuum furnace and chimney cleaner. There is scarcely a sign of soot or dust anywhere on his garments. He might be the janitor, the plumber or any of a dozen of workers of that type. He has none of the picturesqueness of his predecessor, but what he lacks in picturesqueness, he makes up in efficiency and results.

Now let's see the modern sweep at work. He comes "on the job" with a truck, on which is mounted a 40-horsepower motor, a huge canvas bag and many sections of what appear to be flexible stovepipes. He unloads several sections of these flexible pipes, joins one to another, giving the completed whole the appearance of a huge grisly snake. One end of the "snake" is fastened to one side of the truck, connecting with the fan that is operated by the motor. The other end, the machine attaches to the flue cleanout door at the front of the furnace in the basement. He then makes sure that the bag is linked with the motor. The motor is then started.

Day's Work in Half Hour.

The huge bag begins to show life, and in the course of a few minutes it fills out so that it resembles a blimp. It is about 40 feet long and a man's size in height. The motor continues to run except for brief intervals while the attendant shifts the flexible pipes to the heating plant, the warm air pipes, cold air ducts, the chimney, the ash pit, the registers of the rooms in the house. The motor is again turned off, the pipe sections are disassembled and replaced on the truck the bag, which has by this time collapsed on the ground, is again placed aboard, and the mechanic is off for another job.

Can you see now why the old-time chimney-sweep couldn't stay? In something like half an hour, and with the help of suction furnished by motor, the present-day mechanic has accomplished what the old-time chimney-sweep couldn't have done a fraction

The Old-Time Chimney Sweep, Picturesque Figure of His Day, Who Has Gone the Way of the Horse and Buggy.

as well if he had faked all day. There are many cracks and crannies in modern heating systems which are beyond the reach of human hands but which yield readily to the suction cleaning method. Without the least fuss, muss, dirt or dust, and perhaps with the decorator or landlady working in the house, the giant vacuum cleaner gathers all the soot and dirt from the heating system into its huge bag, which is then carried off to the city dump and emptied.

As might be surmised, considerable capital is required to equip and keep in operation one of these giant vacuum cleaners. It is not surprising, therefore, to find that "chimney

sweeping" is passing out of the hands of individuals and into the hands of large companies. The largest of these companies today is the Holland Furnace Company of Holland, Mich., which controls vacuum cleaners for cleaning heating systems in some 522 of the larger cities in the United States. This company last year reported an income of more than two million dollars just from the cleaning of furnaces and chimneys.

Soot Never Appears.

The thing about suction cleaning which appeals particularly to the housewife is its cleanliness. The giant vacuum first sucks in all the dirt and soot from every nook and corner of the heating plant and chimney, and then carries it all away. The work is done quickly, quietly and effectively by a trained man who leaves no dirt to be carried out or soot to fall in the basement or on the floors, lawns and walks.

Building experts have found that in the ordinary house three-fourths of the dirt comes from the outside atmosphere through the cracks around the outside windows and doors, and one-quarter from the heating system. However, where the heating system is defective, the amount of dirt from the heating plant increases until it equals that which comes from the windows. A cleaning of the heating system by the suction method often brings these defects to light and when remedied, means less dusting, lower laundry costs, smaller cleaning and decorating expense, reduced wear on draperies, and even smaller

Churches

St. Ignatius' Church Notes

Episcopal

Kalendar Fifth Sunday after Trinity
7:30 a. m.—Holy Communion.
10:00 a. m.—Church School.
10:30 a. m.—Matins and Sermon.
10:30 a. m.—Junior Church for Primary department and recreation.

Summer is the time Churchmen are apt to "slip" and neglect the necessary duties of a Christian. St. Paul tells us to be instant in season and out of season. Have you offered your services to Mrs. Simons, the president of the Ladies Guild for the bazaar. It is hoped that the early service will provide an opportunity for all to attend at least one service of worship in spite of guests or what not.

The topic for the sermon next week will be "What Price Impatience?" as Gilbert Chesterton once said, "The Church ways have not been tried and found wanting, they have been difficult and not tried." The Church with her way of life and high ideal of morality noted in the Ten Commandments, because the house is more satisfactory.

Clean System Is Economical.

In former days the chimney-sweep was called in when the poor draft prevented the fire in the fireplace from burning in a lively manner. Today we know that obstructions of any kind in the chimney interfere with the efficient heating of the house, and that defective flues and heating systems comprise one of the chief causes of fire losses which in the United States takes a toll of more than half a billion dollars a year. An annual cleaning and going over of the heating system by the suction method will cut this figure down considerably. Not a single chimney fire was reported from the more than 400,000 homes cleaned by the Holland Furnace Company's battery of giant vacuum cleaners last year.

Dirt and sooty heating plants are fuel-wasters. Recent tests have proved that as little as one-eighth of an inch of soot on the heating surfaces of the furnace will reduce the plant's efficiency 28 per cent and that one-quarter of an inch will cut it down fully 48 per cent. This would indicate that the average householder can save himself the price of two tons of coal each year simply by having his house-heating system thoroughly cleaned before firing up for the winter.

There Can Be No Question Later

When You Pay a Bill by Check, the Cancelled
Voucher is Legal Proof of Payment

HERE'S no fuss or argument about disputed payments, for everything's down on paper where it belongs. The written record is quickly available and settles the question forever. Proof of payment is only one of many direct advantages of checking service. Your money is handled without risk when you pay by check. A few minutes at your desk replaces the hours of running about and waiting if you paid in cash. Think what this one phase of the service means to you.

Men of affairs pay by check and you take your rightful place among them when you use your bank's full service. Your bank connection gives you added prestige, and it brings you and your banker into friendly contact. He can help you in matters of finance, business or personal, and will welcome the opportunity.

A checking account visualizes your expenses. You can see where every penny goes and control expenditures easily. Your payments can be for the exact amount. No chance for errors in change.

The greatest benefits to you are realized when you keep an adequate reserve regularly on deposit. Then you have money, instantly ready for every opportunity to profit, ready to protect you in emergency.

OTHER BENEFITS

Your surplus funds go to help carry on the industries, public utilities, building construction and retail institutions. As they prosper, the community prospers and your own money pays you another profit.

An adequate balance serves you directly in several ways, and again through community prosperity. Build your checking reserve so that you may receive the full earning power of your money.

Household
Hints

To Clean Playing Cards
To clean soiled playing cards, dip a small sponge in spirits of camphor and rub lightly. This restores the newness.

To Brighten Leather
If the leather seats and backs of chairs become dull, beat the white of an egg and rub thoroughly. Then polish with a clean, soft cloth.

Shiny Garments
When a garment becomes shiny, change it with a solution of one teaspoonful of ammonia to one quart of water. Then press on the wrong side.

To Sharpen Scissors
When the scissors are dull, run the blades across the neck of a small bottle, in the same position as though cutting off the neck of the bottle.

A Convenient High Chair
If four rubber-tipped door stops are screwed into the legs of an ordinary chair, it makes an ideal high chair for kitchen work, or for a small child.

Here are three or four ten minute dishes that may be tried out when company comes unexpectedly—or even when you are preparing a particularly dainty meal for the home folks alone:

Orange and Banana Salad
Peel oranges, removing all white skin. Cut into one-fourth inch slices. Place two slices on each lettuce-covered salad plate, cover with two lengthwise quarters of banana which have been covered with lemon juice and rolled in finely ground nuts. Top with slices of orange. Garnish with mayonnaise and maraschino cherries.

"Oh," you say, "I have no ground nuts nor even maraschino cherries. I never knew them on hand."

All right. Serve this same salad under another name, with a slight change here and there:

Imperial Salad
Instead of rolling the bananas in ground nuts, sprinkle them with finely chopped bits of apple, celery or raisins—your will have one of these on hand. Instead of the maraschino cherry, use a canned strawberry, cherry, or any colorful berry or bit of fruit instead of the mayonnaise, use a mound of flavored whipped cream—and you still have a salad that is delicious.

Pineapple Whip
Beat three egg whites until stiff and gradually add one-half cup sugar. Fold in one crushed Hawaiian pineapple from which all the syrup has been drained. Pour into a greased baking dish and bake in a slow oven twenty-five to thirty minutes or until puffed and slightly browned. Serve either hot or cold. About sixteen cents.

Bill Ding Lee

CUT DOWN THE
UPKEEP ON YOUR
CAR BY BUILDING
YOUR OWN GARAGE.
WE'LL HELP YOU

It's expensive to keep your car at a public garage.
Besides—it's inconvenient.
Build a garage of your own.
Then there'll be no first-of-the-month storage bills.
No time lost going after your car or waiting for it to be delivered.
No scurrying home through the rain.
It costs you nothing to learn our very reasonable cost.

Cabbage Delight
Peel cabbages, removing all white skin. Cut into one-fourth inch slices and then into segments. Cover salad plates with finely shredded cabbage. Sprinkle orange segments. Serve with French dressing.

Some candy for a change—Try—
Chocolate Fudge
2 tablespoonsful butter
3 capital milk
2 1/2 ounces (squares) bitter chocolate

Few grains salt
1/2 teaspoonful vanilla
3 capital best sugar
Grate the chocolate, add the sugar, milk, salt and butter and boil gently twelve minutes. Cool slightly, add the vanilla, and beat slowly and steadily until creamy. Turn into a buttered pan and when almost cold cut into squares.

HICKORY

Mr. and Mrs. Frank Barber of Gurnee and Harold Pullen spent the past week at Chetek, Wis.

Mr. and Mrs. Tom Frazier were visitors at the Pullen home last Thursday.

Robert Wells spent last week with his grandmother, Mrs. J. Wells.

Mr. and Mrs. H. W. Mann and family of Hebron and Mrs. Reynolds of Topeka, Kansas, visited Sunday at the A. T. Savage home.

Mr. and Mrs. J. C. Smith and family motored to Iowa, last week and visited friends and relatives over the Fourth.

Mrs. C. L. VanPatten entertained friends from Chicago Sunday.

The remains of Miss Jennie Hall, an old resident of Hickory, were brought here from Kansas Monday and layed to rest in the Hickory cemetery. The services were held at the church, of which she was an active member.

On Sunday afternoon, July 8, at 2:30 o'clock church services will be held at the Hickory church. Everyone invited to come.

Vegetably Speaking

"Life's a game of shells," says Bill Benz, the neighborhood philosopher, "and the good sports are willing to take potluck."—Farm and Fireside.

Fallacy Exploded

No one is chronically poisoned by certain kinds of foods and no one has his digestion ruined simply by eating certain kinds of food.—Dr. Logan Clendinning in "The Human Body."

The Street of
Permanent Beauty

HOW will your streets look five years—ten years—from today? Will they still be true and even surfaced, and distinguished in appearance?

They will if they are paved with portland cement concrete, the material best suited to modern traffic requirements.

The concrete pavement is economical to build, costs least to maintain—and is safest, wet or dry.

CHICAGO

FASHION HINTS

Irregularity in costume seems to be the most striking characteristic of fashionable frocks and costumes this season. As if wanting to get away from prim masculine lines, the dress-makers are designing their most feminine clothes by most irregular patterns.

There are printed and plain ensembles with either coat or frock printed and its accompanying garment plain; then there are printed ensembles with plain blouses and vice versa. Patterned and plain wools are also used and others with two colors of plain material or two sizes of printed motifs.

Jumper blouse is being shown of rusted crepe de chine trimmed with an applied band ending in a bow-knot worn under a printed jacket edged with the same shade. The skirt is also of the print and has the irregular hemline which continues to be very much worn. It is longer on one side.

Evening gowns continue to dip toward the back and afternoon gowns also show a decided droop.

MICKIE SAYS—

SMART GUYS WHO WANT TH' NEWSPAPER TO DO THEIR DIRTY WORK, AN' PULL THEIR CHESTNUTS OUT OF TH' FIRE WASTE THEIR TIME AROUND THIS OFFICE, FOR WE BOOST FOR NOTHING EXCEPT WHAT'S GOOD FOR TH' TOWN, AND WE WON'T DO ANYBODY'S PRIVATE KNOCKING FOR THEM!

NEWS NOTES FROM
NEIGHBORING TOWNS

LIBERTYVILLE—The final chapter in the tragic track-train collision of last Thursday morning at "death crossing," three miles south of Libertyville on the E. J. & E. line, in which two Chicago men lost their lives was written into the record book of Coroner John L. Taylor on Tuesday afternoon. Over 100 of Libertyville's representative citizens crowded the village hall to hear the evidence and demand that a movement be started to force the railroad to eliminate the hazardous crossing, which has been the scene of four collisions this year.

LAKE FOREST—At the meeting of the city council Monday evening the amendment to zoning ordinance, recommended by the zoning committee recently, to transfer portions of the territory bordering on Washington road between Deerpath and Rosemary to the second residence district was passed. This is the matter in controversy between Van Wageningen and B. F. Affleck and several other residents in that district because of Mr. Affleck's proposal to erect additional dwellings on property which he owns there. The ordinance is in effect a victory for Mr. Affleck and his group.

HARRINGTON—Harrington will get along, for a while at least without its proposed ornamental street lighting system in the business district. At a public hearing, conducted by the board of local improvements last Friday evening, two-thirds of the eighteen business men and owners of property in the business district were opposed to the project, and the board of local improvements tabled the resolution.

WOODSTOCK—The Woodstock city council met in special session on Tuesday evening to discuss the proposition of increasing the capacity of the local light and power plant. It was the opinion of the majority of those present that with the Alameda Company likely to demand more power than the present plant could furnish that steps should be taken to purchase equipment to double the present capacity.

HURLINGTON—Soo Line trains are now running over the new \$20,000 concrete bridge which has been built over the White river. Work on

the new bridge began on March 1, of this year by the Peppard and Fulton company of Minneapolis and work progressed so rapidly in the past three months that trains are now regularly using the new and handsome structure. The steel and cement bridge is not completed, however, as approaches at both ends of the span must yet be filled.

Poor Kin

Caruso was a common sort of man, born with a glorious voice, which made him famous and rich. In the days of his prosperity he had 21 relatives living at his house, and they nearly drove him crazy. Caruso was less satisfactory as an artist because of his poor kin; they may have killed him at a time when he still had a good deal of value in him. Every useful man is hampered by poor kin.—E. W. Howe's Monthly

Plant of the East

The hyacinth was found originally in Greece and Asia Minor. It was not brought into western Europe until the beginning of the Sixteenth century. Dutch horticulturists brought the hyacinth to its present stage of development.

Indicate Oil Deposits
 The geological survey says that an anticline is an upfold in rocks and such a fold in deposits that are buried beneath formations of more recent geologic age that were not subjected to the folding cannot be detected at the surface. Such upfolds, called "anticlines," are regarded as favorable to the accumulation of oil and it is for this reason that oil prospectors endeavor to locate such structures.

EDDIE, THE AD MAN

AY, A FELLOW FROM DENVER TELLS ME THERE ARE MORE THAN TWENTY MOUNTAINS IN COLORADO HIGHER THAN PIKES PEAK! AND YET SOME FOLKS SAY N' DONT PAY TO ADVERTISE!

BRISTOLITES SOAR
HIGH IN AIRPLANE;
AUTO "TOO TAME"Epworth League Wins Cup;
Dr. Stuart Dies at Waupun, Wisconsin.

Many Bristolites recently availed themselves of a trip through the air. Charles Nussell from Kenosha made several circuits over Bristol, just escaping the chimney. He finally landed in the Stonebreaker field, from where he took several passengers for a short ride. He and his wife also visited Mr. and Mrs. Frank Fox, who were out looking for their company to come by airplane. Several passengers regretted riding home in an auto—said it was "Too Tame."

Word has been received of the death of Dr. Day Stuart of Waupun, Wis. His untimely death was caused by pneumonia. He was a brother of Frank Stuart and reared on a farm adjoining south east Bristol. After becoming a doctor he went to Brandon, Wis., where he practiced medicine successfully for several years. He later moved to Waupun where he was engaged as doctor in the penitentiary. His winning personality won him many friends where ever he located. His death caused a great shock to both relatives and friends.

Miss Dora Peterson and mother returned to Chicago Tuesday after having visited with the James Peterson family and transacting business. The Home Missionary society are planning to give a Novel Birthday party, Friday, July 20, on the parsonage lawn. Twelve tables will be set each to correspond with the month of the year.

Leonard gave a miscellaneous show at recently at the Louis Klent home in honor of Miss Ruth Gittins. Those present were: Mr. and Mrs. Robert Miloy, Mr. and Mrs. Floyd Anderson, and Miss Anna Parsons, Mr. and Mrs. Fred Bruening, Miss Marguerite Schutke, Mr. and Mrs. A. Maderloe, Mr. and Mrs. Al Schulwachter of Kenosha; Miss Kittle Leonard and Mrs. Fannie Mitchell of Racine. The Misses Irma and Erna Kaphingst of Salem, Charles Wilton and son, Wm. from Antioch; Mr. and Mrs. Fred Lash and LaVerne from Pleasant Prairie; Edward Gittins, Mr. and Mrs. Clyde Jackson, Mr. and Mrs. L. Whitther, Mrs. Lucy Hollister, and Mrs. Theron Hollister, Russell Gittins from Bristol. "500" and luncheon were played. Prizes were awarded to Mrs. Madolin Jackson and Lawrence Whitther for "500" and to Mrs. Theron Hollister and Mr. Lash for luncheon. Miss Gittins received many beautiful gifts. An elaborate chicken dinner was served.

The wedding ceremony of Miss Ruth Gittins to Jephthah Leonard took place Saturday in the Methodist parsonage at Waukegan, Ill. They went to Michigan for a trip.

The Men's chorus from the Immanuel M. E. church in Kenosha, will give a concert Friday evening, July 6th, in the German M. E. church. The Ladies Aid society will serve refreshments at the close.

A Daily Vacation Bible school was begun in the M. E. church Monday with Rev. David Johnson, Miss Eunice

Lee Dixon and Miss Mayne Mitchell as teachers.
 Rev. and Mrs. Frankson and Chas. King of Milwaukee spent over Sunday in Washington Park at Milwaukee.

Mr. and Mrs. Charles Hartwig and son and Mr. and Mrs. Ed Steffen motored to Janesville Sunday afternoon to visit Rev. and Mrs. Hoyer.

Mrs. Frank Krueger and Mrs. C. Jackson attended the reception given in honor of Mr. and Mrs. Harold Gross (nee Edna Puts) at the Simmons club house in Kenosha Saturday afternoon. The couple were married the preceding forenoon.

Mr. and Mrs. Amel Pagenkopf left Friday on a motor trip to Nelsville, Wis., to visit relatives.

Mr. and Mrs. Otto Kasten of Kenosha visited the Charles Pohlman and Schouscheck families last week.

Link With the Past

A shuck's tooth was unearthed in a garden at Hillington between Exbridge and Ikenham, Middlesex, England. When sent to the British Museum it was identified as belonging to the Middle Eocene period.

Movement for Pure Food

The first pure food law, along practically the line of the federal law enacted later, was passed by the state of Michigan in 1895. Wisconsin passed a similar statute three years later.

Potatoes Second Choice

Young Joe, at the age of four, remarked meditatively: "I love mother and I love potatoes—but I love mother or best for she's a person and potatoes are just a vegetable!"

SAFETY

AND

TRACTION

ON THE NEW

GOODYEAR
TIRES

YOU DON'T PAY MUCH ATTENTION TO TIRES UNTIL YOU HAVE TROUBLE WITH THEM. BUT DID YOU EVER STOP TO THINK HOW IMPORTANT IT IS TO HAVE YOUR CAR EQUIPPED WITH TIRES THAT WILL GRIP THE ROAD AND STOP WHEN YOU APPLY THE BRAKES, AND GRIP THE ROAD AND START WHEN YOU APPLY THE GAS?

THE NEW GOODYEAR WILL DO BOTH THESE THINGS BETTER THAN ANY TIRE WE KNOW OF.

A SIMPLE WAY TO DEMONSTRATE THIS IS TO PLACE THE PALM OF YOUR HAND, FLAT ON TOP OF THE TREAD OF THE NEW GOODYEAR AND PRESS DOWN FIRMLY. YOU'LL FEEL THE TREAD GRIP AND PINCH THE FLESH OF YOUR HAND. IT GRIPS, AND ACTUALLY PINCHES, THE ROAD IN THE SAME WAY.

COME IN AND TRY THIS YOURSELF WHETHER YOU NEED TIRES NOW OR NOT. WE WANT TO EXPLAIN THIS AND THE OTHER REASONS WHY THE NEW GOODYEAR IS CALLED THE WORLD'S GREATEST TIRE.
